

In order to help providers face the challenges of the current increase in Medicaid audit activity, PrecisionCare Software and The Bonadio Group are working together for the benefit of our clients. This collaboration will allow us to provide agencies with synergistic services that give you all the tools you need to stay compliant.

## PrecisionCare

SOFTWARE

### **PrecisionCare Software:**

Complete PrecisionCare Software System for MRDD and Mental Health programs and services including:

- Consumer Case Records
- Incident Management
- Human Resources
- Training
- Security
- Development

### **PrecisionCare complimentary services including:**

- Implementation planning

- PrecisionCare Web Hosting. PrecisionCare runs on our secure web server. We manage system backups, maintenance and web server administration for you. All you need to use PrecisionCare at your agency are computers with Internet access.

### **Training and Special Programs:**

- Technical Support Provided during regular business hours
- Participation in design and user groups
- Access to PrecisionCare informational seminars.

## THE BONADIO GROUP

CPAs, Consultants & More

### **HCBS Waiver Documentation training:**

- Two-day management training
- Individual sessions for Residential Habilitation, Day Habilitation, Prevocational Services, and Supported Employment
- Primary focus: review and interpret Medicaid regulations and OMRDD guidance for Waiver documentation, and enhance team cooperation within the agency

### **MSC Documentation training:**

- One-day MSC and MSC Supervisors training
- Primary focus: review and interpretation of Medicaid regulations and OMRDD guidance for MSC documentation, ISP requirements, program responsibilities, and enhance team cooperation within the agency

### **Direct Care Writing Workshop (4 sessions):**

- Half-day Direct Care level training, in small groups
- Non-program specific to facilitate scheduling
- Primary focus: increase understanding of the importance of their daily documentation activities, clarify the most common documentation errors and how to prevent them, and what not to write – EVER!

### **Professional Consulting time:**

- Up to four (4) hours per month of access to our professional subject matter experts in Regulatory Compliance, OMRDD and OMH program and documentation issues
- Access includes telephone consultation, email consultation, faxed document review, research time, and in-person consultation

### **Compliance program assessment:**

- Review of compliance program documents (CP, compliance P&P, Employee Handbook, Compliance training materials)
- Written report of findings and recommendations

Additional training, compliance and software services are available upon request.
